

# COVID-19 Crisis Response Partner Support

## The power of partnership

We are grateful to our partners for leaning in to quickly help customers respond to the COVID-19 crisis.

### [Partner Emergency Response Management Apps on the ServiceNow Store](#)

Helping customers when crisis occurs through our ServiceNow Global Partner Ecosystem community apps, many of which are available at no charge.

More than 70 of our global and regional partners are leaning in to offer their services aligned to ServiceNow's four free emergency apps and many are also developing their own COVID-19 emergency response apps in markets throughout the world using the NOW platform.

### Partners who are supporting customers with COVID-19 related app offerings:
